

Coaching

Moving from the comfort zone to the confidence zone.

My Promise to You

"I love coaching people who are passionate and committed."

Passion and commitment are a magical combination; one that I promise will turn into focus, direction, and confidence.

You'll surprise yourself with what you can achieve!"

**-Kimberley Sherwood
Principal, Third Sector Group**

We offer our 12-Session Coaching "Flight" for \$2,500.

Single coaching sessions are also available for \$250/hour.

Welcome to Third Sector Group, where helping nonprofit boards and executives engage with clarity, confidence and action is our passion! We offer clients three paths: coaching, consulting and facilitation. Our coaching work moves leaders from the comfort zone to the confidence zone, and shows a strong bias toward action and results. We specialize in working with individuals and teams to boost performance in three key areas:

- Financial Health and Fundraising
- Governance
- Strategy Design and Implementation

Our Approach to Coaching

It's not enough to be confident; there has to be an ability to carry work forward into the real world and produce real results quickly. Here's our approach to coaching:

- We connect with our clients on a human level and have empathy for their unique situations
- We focus on elevating our clients' awareness around potential stumbling blocks, blind spots, and especially their strengths
- We work with you to learn new skills and think in new ways
- We establish realistic goals that you are excited to pursue and can achieve in a specific timeframe

Pricing

- We offer a 12-Session Coaching "Flight" for \$2,500.
- Single sessions are available for \$250/hour.

What You Get

12 regularly scheduled 55-minute conferences by telephone, Skype, or in-person *PLUS* three email communiqués between sessions.

The huddles are scheduled on a bi-weekly, tri-weekly, or monthly basis, depending on your individual need, and are focused on meeting you right where you are *now* and addressing immediate challenges and opportunities.

The kick-off session begins with establishing parameters and ground rules, desired outcomes, and results. Every huddle thereafter starts with a check-in from the previous session, gathering insights and new awareness, identifying new learning opportunities, and making recommendations to achieve your goals. We close each huddle with a re-cap, and we set new goals and action commitments to encourage accountability and ensure positive and quick results.
